

Destiny Finder Small Group Series Overview – 2019

Here is an overview of what's in the *Destiny Finder Small Group Series*.

Note: The documents are not in published shrink-wrapped form so we are not charging you for them. You'll need to print out the documents and duplicate them. You'll also need to buy the videos. You can decide to buy the Profilers for each person or let people buy them on their own - see below. Just realize the Participant guide is not final yet although it's really good!

In the future we will publish and sell this material as a package for \$150-199 plus \$15 per participant guide.

Documents

1. **Destiny_Finder_Sm_Group_01_Package_Overview_v7.pdf (this document)**

2. **Destiny_Finder_Sm_Group_02_Leader_Guide_v4.pdf**

This is the main guide for small group leaders, with week-by-week instructions and suggestions.

3. **Destiny_Finder_Sm_Group_03_Email_Templates_v4.docx**

This is for sending email announcements to promote the series, and reminders each week during the series. Modify with your dates and special instructions.

4. **Destiny_Finder_Sm_Group_04_Flyer_v3.docx**

This is to modify and use as a flyer when promoting the group. You can also use this to attach to any advance announcement/promotion emails.

5. **Destiny_Finder_Sm_Group_05_Handout_v4.docx.**

This is to modify and use as a handout for those who have signed up or who need more information than the flyer. You can also use this to attach to the third Pre Week 1 email. I put the entire contents of this overview into the email template for the first two Pre Week 1 emails so that people don't have to deal with an attachment at that point.

6. **Destiny_Finder_Sm_Group_06_Participant_Guide-Workbook_v27_1or2-sided.pdf.**

This guide is formatted for printing one or two sided. Even though it takes more paper, I recommend one sided to give participants the back sides for notes. I strongly recommend three-hole punching the printouts and putting them into three ring binders that you provide to the participants. Three ring binders are great also because participants can print their assessment results and keep them in the binder. It's meant to be a work in progress as people work on discovering and fulfilling their calling. The binder is a great tool; you and your leaders can use it to meet with people with their binder for coffee and take practical steps forward towards serving in the church or marketplace and fulfilling their calling.

7. Destiny_Finder_Sm_Group_07_Follow_Up_Leader_Guide_v2.pdf.

(Optional) This optional guide is for leaders to do a follow-up meeting for participants, anytime from a month or more after the initial small group or workshop. This has proven to be tremendously beneficial, as most people get excited during the small group or workshop, but then tend to slow down in their efforts over time unless they are intentional to keep pursuing. The key is to approach destiny discovery and fulfillment as a developmental process that takes place over a long time. It's actually discipleship!

8. Destiny_Finder_Sm_Group_08_Follow_Up_Meeting_Outline_v2.pdf.

(Optional) Keep the follow up meeting simple. Print this document as a simple outline for participants for the follow-up meeting.

Video Teaching

1. Destiny Finder Workshop Video Teaching Series (8 video sessions)

<https://pastorscoach.com/product/destiny-finder-workshop-course/>

This series by Michael Brodeur contains eight 30-38 minute video teachings that cover the entire program used for the Destiny Finder workshop and small group programs. It can be done in eight weeks but we recommend taking longer on some of the weeks (for example, weeks 5 and 6)

The files can be downloaded from the Pastor's Coach website Store (link above) to a computer and copied to a USB drive, or burned to DVD, etc.

Profiler Online Assessments

Destiny Profiler

Each participant will need to purchase the Profiler online tool on the website <https://destinyfinder.com/> in the store.

OR your church or group can purchase the Profiler for participants, in which case the purchaser get a coupon code to give to participants to use to purchase the Profiler themselves for free.

OR if you are purchasing a significant number of Profilers at once or regularly, you can make the group purchase with us and provide us with the names and email addresses of participants, and we can do a mass account creation to set up the users.

If you purchase more than one Profiler there are **group discounts**. If you do that, you get a coupon code to distribute to your group for the discount. But then you have to manage that. It's up to you. Note: If you become a Max Member of Pastor's Coach, you get 5 free Profilers.

Once participants have Profiler access on the website, they need do the appropriate sections each week (outlined in your Leader Guide and in the Participant Guide) and bring the printouts to the group.

The Profiler contains a total of five assessments and two additional sections, and takes a total 2-4 hours to do. We recommend participants not do them all at once but take time to process according to the schedule.

People need to bring their printouts to the small group – that's why a three ring binder is great. And have a hole puncher on hand.
